**English translation**

One more year has now been left behind; let's evaluate what happened.  
Can I improve? Can I progress in this new year that's just begun?

Come with love to serve the Savior in Sunday School.  
It's there that God hears our voice and gives us His great Celestial grace.

Continue with courage, stay on the path that leads to the Lord.  
See us here, O God; guide us to Thee; let us know Thy great love.

Heavenly Father, free us from evil; give us Thy support and solace,  
Happiness, grace, and goodness, while another year passes.

**Refrain:**

"Let us now wave our flag!" is the motto that shall guide us.  
Forward! The children are singing! As always, God will take care of us.
